Statement by Tom Ehman, GGYC spokesperson

New York (January 29, 2010) – The New York Supreme Court said today that, due to its busy schedule, the hearing on the “constructed-in-country” issue could not be expedited. Therefore, it appears unlikely that a hearing will take place before the America’s Cup match begins on February 8th.

It is unfortunate that the legality of Alinghi’s American-made sails probably will not be decided before the Match. However, it will be decided eventually.
